

2016-17 GENERAL VERIFICATION INFORMATION

Please read this form before you complete the verification work sheet(s).

You have been selected for verification for the 2016-17 school year. There are 4 different verification work sheets this year so please be sure you are completing and submitting the correct one. You MUST:

- Complete ALL sections of the form;
- Attach ALL requested documentation;
- Sign the form and return to the Financial Aid Office in the Student Services Center.

Incomplete forms will not be processed. If you have questions about verification, contact a staff member in the Student Services Center as soon as possible so that the completion of your financial aid file will not be delayed.

What is Verification?

Verification is a process used to verify certain information on the FAFSA to ensure its accuracy. The U.S. Department of Education randomly selects applications for verification based on common errors, while others are randomly chosen. However, the Financial Aid Office may, at any time, select an application for verification based upon the information that was provided. The Financial Aid Office is required to make sure that all aid is awarded to students according to federal, state, and institutional regulations. If selected, the verification process must be completed before financial aid can be awarded. Since the FAFSA may be filed prior to tax filing, it is crucial that our office ensures that the information is accurate and that the funds are awarded only to eligible students.

What do I need to submit if I am selected?

You should have received a 2016-17 missing information notice informing you of the documents needed to complete your financial aid file. If you are selected for verification we will indicate on the notice what documents you will have to submit. Please be sure you are completing and submitting the correct verification form as there are 4 different verification forms this year. Forms can be found on the Financial Aid Page at www.roswell.enmu.edu.

Verification worksheets (V4 and V5) CANNOT be FAXED or EMAILED. We must have these ORIGINAL forms with all required signatures and with the official Notary Seal.

What happens once I submit my information?

Once you have submitted **ALL** of the requested documents the Financial Aid Office will review the information and compare it to the information you provided on your 2016-2017 FAFSA. If discrepancies are found, corrections are sent to the federal processor to recalculate your aid eligibility. It may result in a decrease in total aid, loss of the Pell Grant and other grant aid, or an increase in total aid and loans. A Financial Aid Advisor will contact you via phone if there are any questions or concerns during the verification process.

Normal processing time is approximately 10-15 business days, during which time you can track the process by going to www.roswell.enmu.edu and clicking Cosmo Link and click on Banner SSB to access your financial aid information. After your documents are logged in by our office, they will be removed from the list and you will see 'Verification in Progress' listed. Once your verification is complete, the 'Verification in Progress' item will be removed from the list.

NOTE: During **peak** processing times (April through August) it may take more than 15 business days to complete your verification. Once the verification and/or correction process is completed the student will be awarded within 7-10 business days. An e-mail notifying the student of the award will be sent to your student email account.

What happens if I don't submit the requested information?

When you and your parent signed the FAFSA (either by signing the paper FAFSA or by using your FSA ID on the web) you agreed, if asked, "To provide information that will verify the accuracy of your completed form." Therefore failure to comply with this process could result in loss of aid. If you are selected for verification, **no awarding or disbursement** of financial aid funds can be made until the verification process has been completed.

Notes for Asset Information

Assets NOT to include:

- The home you live in
- The value of life insurance
- Retirement plans (401[K] plans, pension funds, annuities, non-education IRA's, Keogh plans, etc.)

How do I verify my income? (Income Tax and income information)

The documents that we can now accept to verify your income tax information have changed based on policy changes from the U.S. Department of Education. You will need to provide a tax transcript from the IRS if you did not file your FAFSA using the IRS Data Retrieval Tool. These are the only two ways to verify income tax data.

If you did not initially use the IRS Data Retrieval when you first applied for financial aid and you have filed your taxes with the IRS, you should log into your FAFSA at www.fafsa.ed.gov and make a correction to use the IRS Data Retrieval Tool to update your tax information.

If you do not, or cannot, use the IRS Data Retrieval Tool, you will be required to obtain a tax transcript from the IRS and submit it to the Student Services Center (Financial Aid Office). **Personal copies of income tax returns can no longer be accepted.**

<u>Order a Tax Transcript</u> Please make sure you request a <u>Tax Transcript</u>. DO NOT request a Tax Account Transcript or Record of Account.

By Phone: Call the IRS at 1-800-908-9946, then follow the prompts to order your "Tax Transcript"

Online: Go to <u>www.irs.gov</u>, then select the following (**Order a Tax Return or Account Transcript**), Click "Order a Transcript" and follow the steps to complete your order.

If successfully validated, tax filers can expect to receive a paper IRS Tax Return Transcript within 5 to 10 days from the time the IRS received the request.
