

## MISSION:

Through our comprehensive college and career readiness programs, students are provided with meaningful learning opportunities to become confident framers of their futures.

### Comments from current ECHS Students:

"I am being challenged by working at a faster pace and putting more effort into the assignments that I need to do. All of the classes I have, I work on them until I believe that they are perfect. Being challenged in this school benefits me and my work effort."

"I am participating in the Early College High School program because I want to be successful and have a good future. I can be successful and have a good future by getting the education that is offered to me. I think this program is very unique and this is a great opportunity that I had to take."

"I am participating in the Early College High School program because I want to be successful in life and have a better life than my parents did. This program is a great opportunity to get the education I need and to reach my goals and make new ones as I move on."

# EARLY COLLEGE

HIGH SCHOOL AT ENMU-ROSWELL

Early College High School (ECHS) is a free public high school within the Roswell Independent School District, in partnership with Eastern New Mexico University-Roswell. Students have the opportunity to graduate from this school with a New Mexico high school diploma of excellence and up to two years of college courses or an associate's degree from ENMU-Roswell.

## ABOUT EARLY COLLEGE HIGH SCHOOL

The school opened in August 2014, and currently has an enrollment of 100 students. Classes are located in the Instructional Technology Center on the campus of Eastern New Mexico University-Roswell at 23 W. Mathis Street.

School bus transportation and meals are provided. Transportation is provided through RISD school buses or public transportation. Free and reduced-priced meals are available.

ECHS is open to all RISD students who exhibit a sincere interest in academics and are willing to work hard to meet the demanding expectations of the program. Students must also be prepared to integrate into a university setting/adult environment and must be entering their freshman year.

## WHAT IS THE IDEAL EARLY COLLEGE STUDENT?

- Hard Working
- Good Attendance Habits
- Good Discipline
- "B" to "A+" student
- "College First" attitude

## BENEFITS OF EARLY COLLEGE HIGH SCHOOL:

- Students have the opportunity to earn college credit. Each individualized education plan will allow highly-motivated students to acquire up to two years of college credit within four years of high school.
- Academic courses and career and technical studies are aligned to students' career goals.
- Personalized planning and support systems assist students in achieving their academic and career goals.
