Robert Lopez Andazola

Ever since he was a young boy, Robert has been interested in video games, Japanese animation or Anime, and the designs that can be created using a computer. His natural, creative talent led him to a career choice and through the completion of an Associate of Applied Science degree in Media Arts-Graphic Design, Robert is on his way to fulfilling his dreams.

Robert graduated from Roswell High School in 2017. He had considered enrolling at NMSU or UNM, but decided to accept the Presidential Scholarship at ENMU-Roswell. “With the scholarship, I didn’t have to worry about finances,” he said. “I stayed home and was able to focus on my work.” In addition to his class work, he has completed freelance projects for other individuals and organizations. With the assistance of his instructor, Alan Trever, Robert also obtained an internship position with the Marketing Department at Eastern New Mexico Medical Center. He has designed flyers and other publications for ENMMC. For the past two and a half years, Robert has also held a part-time job at Albertsons. He is now the Assistant Manager at the Bakery and has created some special signage for the store.

At ENMU-Roswell, Robert appreciated the support of his instructors. “They are all hands-on and are easy to contact,” he said. “They adjust their office hours to fit your schedule and are willing to help you outside the classroom setting.” Robert plans to continue his education at UNM and complete a bachelor’s degree in Fine Arts. He would eventually like to establish his own graphic design business. Until then, he intends to continue improving and advancing his skills and finding inspiration in the world around him.
