Student Name: \_\_\_\_\_ Date: \_\_\_\_\_  
 Student ID: \_\_\_\_\_ Advisor: \_\_\_\_\_

This worksheet is designed to help you successfully plan and track your progress toward your degree. It lists all of the current graduation requirements in the recommended sequence. For full course descriptions, please refer to the current catalog.

**SEQUENCE:** In order to increase chances of success in more advanced courses, it is **strongly recommended** that students complete the Core 4 in the first two semesters. Choices in the General Education courses can be added to reach semester requirements. All Program Required courses should be taken AFTER General Education courses have been completed.

Courses only offered once a year are identified at the end of the course title with the following designations: **Fa** = fall only; **Sp** = spring only. NOTE: Course enrollment determines whether a course will be offered each semester.

**Advisor's Notes/Recommendations:**

The Associates of Science degree in Teacher Education transfers into a Bachelor of Science in Education (B.S.E.) degree or Bachelor of Science (B.S.) degree program at ENMU and is consistent with the requirements of the Postsecondary Education Articulation Act [21-1B NMSA 1978].

The Associate of Science degree is used statewide by students pursuing a program of study leading to teacher certification. Students who anticipate transferring to one of the New Mexico public universities and majoring in education should follow this module of lower division courses. Check with the transfer institution requirements to select the appropriate courses from Associate of Science degree plan courses. Students who successfully complete this preparatory curriculum for teacher education are strongly advised to take the New Mexico Assessment (NMTA) of Basic Skills before transferring to a university. Admission to most teacher education programs requires successful completion of the Basic Skills portion of the NMTA. Teacher Education General Education Requirements are specific to the degree.

Note: GPA of 3.00 is required to apply for Gateway II status at ENMU

Note: All Elementary/Special Education majors are required to complete a minimum of 3 hours of a second language.
