

Welcome to the Adult Education (AE) Program

Mission Statement: To ensure that all adults have equal access to quality educational opportunities and support services that address the unique needs of individuals, families and communities so that they may acquire the knowledge skills they need for more effective and active participation in modern society.

Whether you are here to prepare for your GED® /HiSET®, brush up on your skills before entering college, or learn new skills, we would like to let you know that we are pleased to have you in our program.

Our goal is to serve the community and you are part of that community. Many people think that we only offer GED®/ HiSET® classes; however, although that is our main purpose, we offer much more. Our goal is not only to get you started on the road to education but to keep you traveling right along that highway of learning so you can reach your goals.

AE offers FREE:

- *GED®/HiSET® Classes
- *College Transition and Preparation Services
- *ESL/GED®/HiSET® Computer Programs
- *English as a Second Language (ESL)
- *Citizenship Preparation

AE periodically adds new classes and updates old ones to keep up with the changing needs of our students.

All classes are offered free of charge to everyone in many locations around the community at different times. You may take as many of these classes as you like, and you may enroll in more than one at a time. You do not have to be in any special program or qualify in any way. You only have to want to learn something new!

Everyone learns in different ways and all of our teachers have a unique method of instruction. Please come by the office if you feel you need additional support in meeting your educational goals. We will try to match your learning style with the class that fits your needs.

We are interested in your ideas and we like to hear from you when you are enrolled and even after you have exited the program. We would appreciate your comments about how AE affected your life and how we can be more effective. If you have any questions or comments feel free to call us at 624-7271 or 624-7260.

Many community organizations offer help with food, shelter, child care, medical bills, job search, entering college, and some support groups. If you feel that you may need some of these services, please ask us. We may be able to refer you to the proper organization.

TABE TEST DATE _____

Please note that the "A" in AE stands for "Adult". Please leave your children at home.
