Advisor's Notes/Recommendations:

- The A.A. Degree in Agriculture transfers into a Bachelor's of Science Degree in Animal and Dairy Science and a Bachelor's of Applied Arts and Sciences with an Animal Science emphasis at ENMU Portales without any loss of credit. Students should work with an advisor at the receiving university if they are planning to transfer.
- In order to improve student success probability and reduce unnecessary attrition, all students must take the University Skills Placement Test prior to entering the program.
- All lectures and corresponding labs must be taken simultaneously.
- Student must have an **ENMU Campus System** cumulative grade point average of 2.0 in order to meet graduation requirements.
- Submit a Graduation Application before the close of the semester preceding the expected completion date.

Program Requirements:

- The Agriculture degree may include both online classes and the traditional face to face format courses.
