Joselyn V. Salazar

Joselyn Salazar, 20, enrolled as a Presidential Scholar after graduating from Goddard High School. She is receiving an Associate of Science degree in Biology. "I enjoyed the schedule flexibility given to me here at ENMU-R," she said. "It is an amazing two-year college to attend." She plans to continue her education studying Cognitive Neuroscience. "I am the youngest of three and a first generation Mexican American," she said. "I am interested in Neurology due to my mom's stroke the first semester of my senior year at Goddard High. Since then I have been in love with the idea of brain functions and brain capacity."

Maria T. Ramirez Alvarez

Maria Ramirez Alvarez, 22, enrolled as a Presidential scholar after graduating from Hagerman High School. She is receiving an Associate of Applied Science degree in Occupational Therapy Assistant. She plans to find a job as a Certified Occupational Therapy Assistant somewhere in New Mexico to stay close to her family. "I also chose this major because I love thinking outside of the box, being creative when coming up with activities that the patient will perform and doing hands-on," she said. "Attending ENMU-Roswell was one of the best decisions I have ever made. The staff members and instructors are super friendly and made the campus feel like home. They will all do their best to help you succeed."

Dominic L. Gomez

Dominic Gomez, 20, enrolled as a Presidential Scholar after graduating from Gateway Christian School. He is receiving an Associate of Science degree in Biology. He plans to continue his education with the goal of becoming a doctor. "I chose my major because I want to help people and one day save lives," he said. "I plan on attending UNM next. What I liked about ENMU-R was the professionalism of the professors and the depth at which they knew their material."
