### GET READY

ENMU-Roswell is proud to offer you no cost, personalized Math & English placement testing!

### NOW WHAT?

- After you complete the diagnostic, you will see a score inside a purple circle on the scorebar. This is the score that will determine in which English or Math course you can enroll.
- You will also receive an email regarding your scores, as will your academic advisor. You will need to visit with your advisor for help with proper course enrollment.
- If you do not get the score you need for a particular course, or if you want to increase your score in EdReady and fill in any knowledge gaps, you may work your way through the study paths provided. Once you have the score you need for a new placement, discuss your new score and course options with your academic advisor.

**EdReady** is an online platform that allows you to assess your readiness for Math and English courses at ENMU-Roswell. It also provides you with an individualized study path to help fill in any knowledge gaps in these important subjects. If you put in the time and effort and learn the material, you will be better prepared for college.
