Mireya Trujillo President
Carleton Avery Vice President
Patricia Parsons Secretary
Ralph Fresquez Member
Tamaliah Lueras Member

Alexia K. Ortiz

Inspired by her math teacher, Casey O'Dwyer, during her senior year at Roswell High School, Alexia (Lexxi) Ortiz is now dedicated to completing her teacher education training. She is receiving an Associate of Science degree in Elementary Teacher Education. In addition to keeping up with her class load at ENMU-Roswell, Alexia has been working as a long-term Mathematics substitute at RHS, teaching Probability and Statistics. She is proud to say her three former math teachers are now her co-workers.

At 21 years old, Alexia says she can relate to her junior and senior students, as many were freshman at RHS when she graduated in 2019. "I love teaching," she said. "I give them a sense of security. The students are comfortable with me and I'm more like a therapist for them to talk to me and I'm willing to help them in any way." She said several students weren't coming to class and failing but now they are attending class and doing better.

Alexia accepted the Presidential Scholarship at ENMU-Roswell and has enjoyed the environment and the support of instructors. "It's relaxing here. The facilities are beautiful and the teachers are helpful and understanding." She has also been encouraging her students to enroll at ENMU-Roswell, working with them to complete college forms like the Free Application for Federal Student Aid (FAFSA).

Alexia said she hopes to continue gaining experience teaching Mathematics at RHS. She plans to take online courses toward her bachelor's and master's degrees in Secondary Teacher Education through ENMU.

ENMU-ROSWELL

GRADUATION WITH HONORS*

Students who have achieved a grade point average between 3.500 and 4.000 are graduated with honors.

ENMU GRADUATION

WITH HONORS*

Students who have achieved a cumulative grade point average between 3.800 and 4.000 are graduated summa cum laude.

Students who have achieved a cumulative grade point average between 3.700 and 3.799 are graduated magna cum laude.

Students who have achieved a cumulative grade point average between 3.600 and 3.699 are graduated cum laude.

Students who have achieved a cumulative grade point average between 3.500 and 3.599 and are recommended by their school or college are graduated with the designation graduation with distinction in a specific area of learning.

*Honors designations noted in this program are based on the cumulative grade point averages calculated as of the most recently completed semester of enrollment, prior to the final period of enrollment. Honors status may change, based on the grade point average calculations from the student's final period of enrollment. Degrees and Certificates are verified and awarded after the student's final period of enrollment, and Honors designations are reflected on the diplomas issued after final conferring of award completion.
