To Whom It May Concern:

This letter is provided as explanation of the custom software and sample medications provided with the Pocket Nurse medDispense machine. The machine sold through the VAR Pocket Nurse is supplied with custom software that was developed especially for Pocket Nurse. This software version is exclusive to Pocket Nurse trademarked simulated drugs "Demo Dose". This package is not sold through the manufacturer nor is it available through any other channel.

PLEASE NOTE: this equipment is exclusively for education purposes and any use in actual human or animal healthcare is expressly prohibited.

Regards,

*Paul Mekhoukh*
