

Advising Services at ENMU-Roswell

Advising Services guides students in degree planning and achieving their educational and career goals. Academic Advisors advise all first-time, degree seeking students and students on probation or suspension. Although all of our advisors are cross-trained, students are encouraged to meet with an advisor in their chosen field. Program Directors and Academic Advisors collaborate to provide the most effective advising possible for our students. Academic Advisors are located in the Student Services Center. Please call 575-624-7294 to make an appointment or come by the Student Services Center. *We are here to help you succeed!*

Carolyn Vigil

Director, Advising Services | (575) 624-7379

Major	Program Director	Contact Information
